OFFICE OF PETITIONS

May 16, 2007

Dear Sir/Mam:

We (Guidry and Morales Holdings) applied for a patent on our "Double Skin Environmental Safety Tank System."

Our attorney Mr. C. Emmett Pugh was paid in advance to do this job. After nine (9) months of no contact with him, I discovered he had a cerebral brain tumor and while being treated for this it caused him to have a stroke which paralyzed half of his body. He can't speak and can no longer take care of his business. I was finally able to contact his wife last week and found out all of this information.

I called your office to get the status of our patent. They advised me that it was awarded, but the fees weren't paid. They instructed me on what to do next.

I will sadly have to revoke Mr. Pugh of Pugh and Associates as our Patent Attorney. He has been good to us.

I have attached the Petition for Revival of an Abandoned Application (pages 2 and 3) along with the fees of \$1,750 (\$750 petition fee, \$700 issue fee & \$300 publication fee) (page 4). I have also attached the Power of Attorney form releasing Mr. Pugh from this job and signing it over to myself (page 5).

If you have any questions, please contact me. My email address is kmora@charter.net, home phone is 985-851-5519 or my cell is 985-637-7956.

Sincerely,

Kevin L. Morales

4. STATEMENT: The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. [NOTE: The United States Patent and Trademark Office may require additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D).]

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
